Adults \$43.00, Ages 6-12 \$13.00, 6 & under free
Reservations Required, Email: events@steelecanyon.com

In the month of April, the maintenance team has been busy working on peeling off the tee top on Canyon #5 back tee, then leveling it off and sodding it with hybrid Bermuda grass. We also did the same work to the drop area on Canyon #4, and filled around the drop off tee on Canyon #7 to bring the tee up higher, and also sod it. Some key areas of the course also saw some added sod.

Canyon #5

**Canyon #7
Drop Area**

**Canyon #7
Drop Area**

We also brought in a tree service company to do some tree work throughout the course. The Oak tree on the left side of Canyon #1 needed to get removed because its roots were encroaching into the green and it kept disrupting the smooth putting surface of the green. Then we had them trim back trees to clear the drives on the back tees on Canyon #4, Vineyard #1 and #4. Then most of the tree line on the right side of Vineyard #5 was also trimmed to bring in more sun light to the area along the cart path to keep it dryer and let the Bermuda grass grow in.

We have also sprayed our fairways to get rid of the Poana grass and other unwanted weeds. Now all we need is warmer weather so that the Bermuda grass can take off.
